Report of Principal and School Improvement Council

Whale Branch Elementary School has had a wonderful school year. The programs and activities that were offered to support the academic program were widely attended by our students. As a PK-5 school, the staff and parents focused on providing the very best programming for all of our students. The Weekly Professional Development Cluster Meetings, year-round calendar, intersession activities, parent sessions, Student Celebrations for Academic Improvement on MAP tests, and The Early Childhood Development Center all served to promote our school mission and goals.

All students were involved in community service projects during 2007-08, learning about the importance of citizenship and contributing to the community at large. The children raised funds for the cancer fundraiser, Relay for Life. With the support of the Kiwanis Club, we were able to continue our K-kids program that supports these school-wide service efforts. Our students completed studies about Fire Safety, readers' theatre, habitats, and African drumming. These experiences gave the children an opportunity to apply their skills and learning, and each of these activities concluded with celebrations that the community attended.

The school enjoyed grant funding for an after-school program and we have applied for ongoing funds for students requiring additional after-school academic assistance. Our fall intersession programs concentrated on the students' inquiry science-based program also included intense small-group instruction with reading and math. During the spring intersession, our students took a field trip to the South Carolina Aquarium.

The teacher and parent members of the School Improvement Council engaged in the development of our strategic plan, which focused on raising academic achievement, especially in the area of social studies and science. This year our 5th grade classes were departmentalized. In addition, 4th and 5th grade students who were close to scoring Proficient and Advanced on PACT received instruction from our science lab teacher and our gifted and talented teacher.

Services in the Early Childhood Development Center were ongoing throughout the year in the respective day care centers. Students and parents in Pre-Kindergarten, Kindergarten, and first grade were involved in Kids Club. Students received books through Reading is Fundamental (RIF), and parents received tips on how to work and read with their children at home.

WBES continued working with the Teacher Advancement Program (TAP) with ongoing professional development in the areas of effective teaching strategies and best practices. Professional development will continue in the 2008-09 school year, our focus will be 6+1 Writing Traits, Everyday Math, and Rigby Literacy.
